TECHNOTE: 001

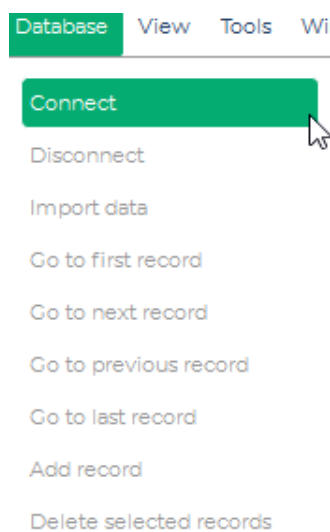

SUBJECT: How to use the Internal Database

In order to use the Internal Database, an ID-ALL **Starter** Edition license or above is required.

After opening a card template, click on the **Add database** button at the bottom, to connect to the Internal Database.

Or go to the top menu **Database->Connect**.

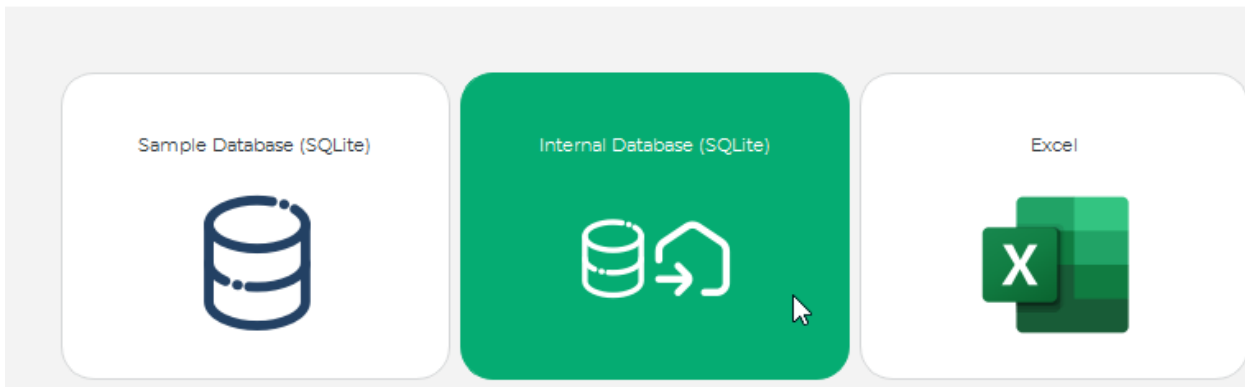

Developed by:

Identification Software Solutions

cardpresso.com/help-center

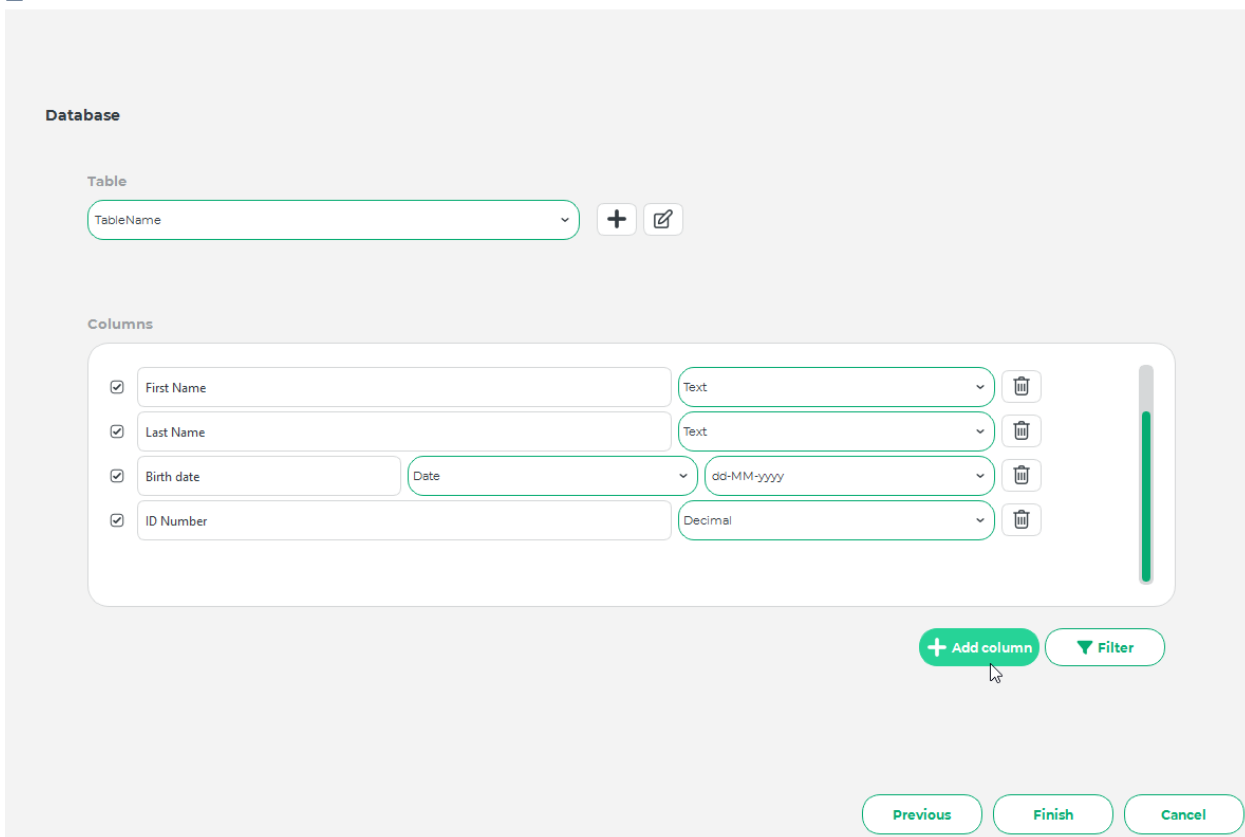

Then select the “Internal Database (SQLite)” option.

 Connect to database...

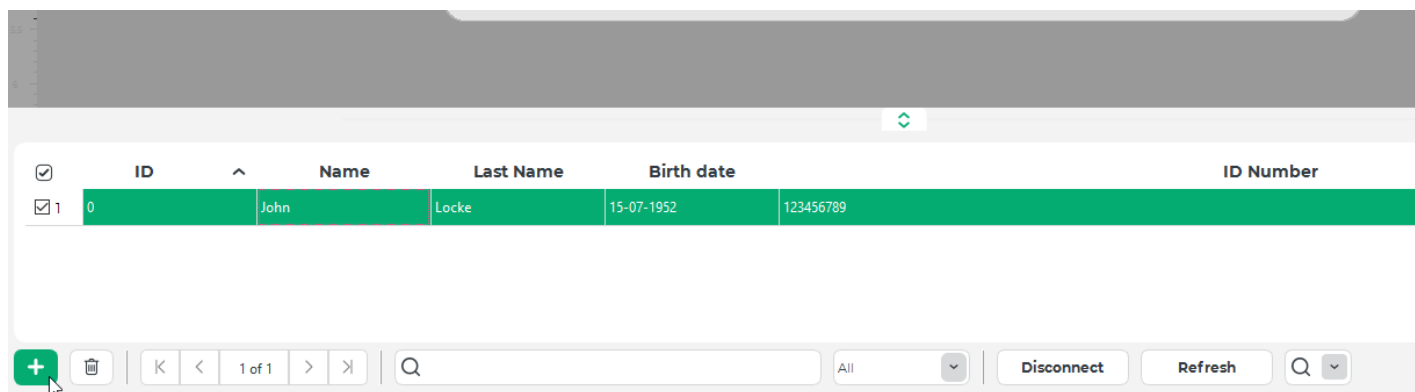

The following window will be opened, allowing you to write the Table name that we wish, as well add the Columns that you need and give them the desired names and the data format (such as Text, Date, Integer, photo, etc).

 Connect to database... ×

The image shows a 'Database' configuration window. At the top, there is a 'Table' section with a dropdown menu showing 'TableName' and two icons: a plus sign and a pencil. Below this is a 'Columns' section with a table of four columns. Each column has a checkbox, a name field, a data type dropdown, a format field, and a delete icon. The columns are: 'First Name' (Text), 'Last Name' (Text), 'Birth date' (Date, dd-MM-yyyy), and 'ID Number' (Decimal). At the bottom right, there are two buttons: '+ Add column' and 'Filter'. At the very bottom, there are three buttons: 'Previous', 'Finish', and 'Cancel'.

After finishing the database setup, click “Finish” to save the changes.

After that, you can start adding records and information on to them, directly on that same database view.

The screenshot shows a web-based database interface. At the top, there's a grey header bar. Below it, a table is displayed with a green header and one green data row. The table has columns for ID, Name, Last Name, Birth date, and ID Number. A checkbox is visible on the left of the table. Below the table, there's a toolbar with various icons: a green plus sign (highlighted with a mouse cursor), a trash icon, navigation arrows, a search bar, and buttons for 'Disconnect' and 'Refresh'.

	ID	Name	Last Name	Birth date	ID Number
<input checked="" type="checkbox"/>	0	John	Locke	15-07-1952	123456789
